Summary

As a frontend developer, I worked with a team of passionate and creative professionals to create engaging and interactive web applications using the MERN stack. I contributed to the design, development, testing, and deployment of multiple projects, such as an online learning platform, and social media. I am currently pursuing a Bachelor's in Computer Applications (BCA) at Indra Gandhi National Open University, where I am learning computer programming and specific applications. I am passionate about web development and eager to learn new technologies and frameworks. I am looking for opportunities to apply my skills and knowledge to create impactful and innovative solutions for the web.
